Bachelors

UNIVERSITY OF THE PUNJAB

Lahore, Pakistan

Bachelor of Science in Software Engineering

2020 - 2024

Professional Experience

PSCA INTERNSHIP

Lahore, Pakistan

I completed a web development internship, focusing on React, where I enhanced my programming skills in JavaScript and honed my expertise in building dynamic, and interactive web applications.

Intern

September 2024– November 2024

- *Problem-Solving:* Tackled complex tasks in Visual Studio that improve my problem-solving skills. React for building the user interface and handling state change
- I made Car Rental Project, a fully responsive web application developed with React, Bootstrap, CSS, and Tailwind, providing a smooth and efficient car rental platform. (<http://carrentproject.free.nf/?i=1>)

QWERTY EXPERTS INTERNSHIP

Lahore, Pakistan

I interned at this platform where I enhanced my web designing and other software development skills.

Intern

July 2024 – August 2024

- *Teamwork:* Coordinated with a team of 8 members and worked on web development, HTML, C++ AND Java Script.
- *Worked on frontend development and backend development of different websites.*

PROGRAMMING FUNDAMENTAL ASSISTANT

Lahore, Pakistan

Teacher Assistant of PF lab for about 120 students to evaluate their coding skills and solve different problems.

Teacher Assistant

February 2024-June 2024

- *Leadership skills:* Coached about 120 students and took the responsibility to teach them about neat code writing.
- *Problem Solving:* Analyzed different tasks with them and then planned a strategy to solve them.
- *Team work:* coordinated with my team on programming language.

Academic Experience

eLearning Management System

Lahore, Pakistan

It is my Final year project. The eLearning Management System (LMS) is a web-based platform designed to simplify course management and enhance the learning experience.

Student Manager

- Analyzed Student's progress and supports mobile accessibility.
- Enhanced educational processes and improve engagement for both students and educators.

Extracurricular & Volunteer Experience

EMS Society

Lahore, Pakistan

It is the PUCIT event management society where different events are planned.

- *Leadership:* Organized all the big events and managed a team of 30-35 people and handled all the on point problems in events like JOB-FAIR and increasing the success of events.
